## Many Men Leaving Enlist Armed Forces

### Defer Students Join Air Corps

Same Type of Deferment Is Granted Students as Navy Has Offered in the Past

College students who will join the air corps will be permitted to stay in college and continue their work, according to information received by President J. A. Hill.

The navy has been encouraging students to enlist and to continue their college work. A large number of West Texas State students have enlisted in this service.

With the air corps making the same offer, it is expected that many other W. T. students will join that branch of the service and continue their work in college next year.

### Plans Made For Recognition of First Voters Here

May 17, the third Sunday in May, has been designated by Congress as Recognition Day for new voters. Dr. S. H. Condon is in charge of the local program, which will be held at 3 o'clock in the auditorium of the college building.

Plans are now underway for the program, and names of new voters should be left with the Canyon News, at the City Hall, or given to Dr. Condon.

Stating that it is appropriate that Democracy should take note of new voters, Dr. Condon urged that every organization in the county have full attendance at the program.

Names of those who are now 21 years of age, or who will be 21 years of age before election should be turned in immediately in order that plans may be completed.

### Mrs. Brandt Died Tuesday Morning At Home of Son

Mrs. Ida Brandt, 72 years old, died Tuesday morning at 2:30 o'clock at the home of her son, John L. Brandt west of Canyon. Mrs. Brandt had been making her home with her son and his family for about two months, and had been very active up until Easter Sunday when she suddenly took sick. But during the nine days of her illness she never once complained of pain.

Mrs. Brandt came to Randall county with her husband in 1922 from Nebraska City, Nebr. Mr. Brandt died in 1930.

Mrs. Brandt was a native of Saxony, Germany and came to America with her parents in 1887 when she was a girl of 18. She was always an unusually active woman, and her son never remembered of her ever being sick. Up until two months ago she lived on her farm alone. At that time she suffered a fall while tending to her squabs, which was her hobby, and only then did she consent to be taken to the home of her son, who immediately set to work and built her a small house a few steps from his own so that she might still be free to manage her own home.

Survivors of Mrs. Brandt are her three children John L. Brandt of Canyon, Mrs. John Tyson of Nehawka, Nebraska and Mrs. Wm. Schmidt of Nebraska City, Nebraska; ten grandchildren and three great grandchildren.

Funeral services for Mrs. Brandt were held this morning at 10 o'clock in St. Mary's Church in Umbarger with Father J. J. Dolje officiating. Burial was in the Umbarger Cemetery.

Pall bearers were John Batenhorst, Louis Wieck, Joe Beckman, Nick Hollenstein, Clem Friemel and Albert Fischbacher.

### Miss Mary Hudspeth in Local Hospital

Miss Mary E. Hudspeth, head of the Spanish Department of W. T., is in the Nebbett Hospital suffering from a heart attack. She is reported to be improving.

Roy Hudspeth of San Angelo, brother of Miss Hudspeth, has been here for several days.

Miss Hudspeth has been a member of the faculty since the opening of the college.

### Sugar Sale Will Stop April 27 For Registration

Sale of sugar will be halted April 27 preparatory for registration and issuing of sugar ration books on May 4.

No sugar will be sold during the week. When citizens register and secure their ration books May 4-7, they must declare the amount of sugar on hand.

School superintendents of the Panhandle are meeting with Ration Boards in Amarillo this afternoon to make plans for handling the issuance of sugar ration books. It is believed that all of the work can be handled on May 4 if citizens will make it a point to call for their books promptly on that date.

### Burrow Completes Successful Year

Mr. and Mrs. C. R. Burrow returned Sunday from Houston where they attended the annual convention of the Texas Lumbermen's Association.

Clean Up Day Saturday.

## Food Stamps In County Popular

More Local Citizens Are Being Added to Those Who May Secure Stamps

Twenty-four more families have been added to stamp users of Randall county. The total has now reached 150 families, and several are being added every week.

Mrs. Velma Lyons states that under new regulations low income families may secure the benefits of the stamp plan even though they are not on relief, working on WPA or securing Old Age Assistance. Mrs. Lyons is anxious to assist families in working out plans for securing stamps.

Grocers are highly pleased with the stamp plan, and those who are using the stamps are much better pleased than the old plan of distributing commodities without regard to their needs. Those entitled to the plan select the groceries they need.

## Navy and Marine Enlist Number of W. T. State Boys

The U. S. Navy might well float its banners over Buffalo Courts, home of the West Texas State College athletes.

Twenty-two men have enlisted in the Naval Reserve and Marine Reserve, and two others are trying for the Naval Reserve. Some of these will enter the armed services within a few weeks, and others will remain in college to take courses which will prepare them for specific military tasks.

In the Marine Reserve are Duncan Kirkpatrick, Paul House, Johnny Thomas, Buford Emler, Walter Word, Ed White, Eddie Castleberry, Jimmie Richmond, Mack Winter, Charles Johnson, Clarence Schultz, Jack Maddox, and Ralph Davis. These are names of athletes prominent in football and basketball. The men range from sophomores to juniors.

In the Naval Reserve are All American Price Brookfield, Cletus Kuehler, Olin Reed, J. W. Anderson, Wm. Flowers, Frank Stockman, Claude McGowan, Ralph Owens, and Douglas Groom. Most of these are juniors and seniors.

Norman Trimble and William Stockman, members of the world's tallest basketball team, are applying for admission to the Naval Reserve.

A message just received by President J. A. Hill from General H. H. Arnold states that a new Army Air Cadet program will be launched to enlist other students on a deferred service basis. The importance of college training is being emphasized by all of the military services.

"Our need is imperative," General Arnold said.

### Lumber Added to Limited Articles

Government Restrictions Placed on Lumber Sales in Both Towns and Country

The government is regulating the sale of lumber and building operations according to instructions issued Thursday.

Any building project which was under construction before the order was issued may continue unless materials are needed on government projects and such materials are requisitioned.

Sale of lumber is limited to \$500 jobs in town and \$1,000 jobs in the country. This is to allow for building of granaries for storage of grain.

Under the regulation, the buyer and seller are jointly responsible to holding buildings within the legal limit. The only buildings allowed in towns will be repairs within the limits set by the government.

Full information regarding the new building regulations is available at all lumber yards.

Work on buildings on West Texas State campus and several homes in Canyon is not affected since their building were started before the order was issued.

Those With Victory Gardens Will Get Water at Cost After 17,000 Gallons Used

This rate cannot be secured unless you raise a vegetable garden. Those wishing to secure the rate must sign up at the city hall.

A call has been received by the local Red Cross Chapter for donations of woolen scraps of any and all kinds as well as other material suitable to the making of quilts. Also anyone who has any quilts that they do not need is asked to give them, or those who desire to do so are urged to make quilts.

In addition to this all wearable clothing is being asked for, whether it is made according to Red Cross regulations or not, or if any individual or club desires to do sewing apart from that prescribed in the sewing room, they are permitted to do so.

All of this is being utilized in the "Bundles for Britain" drive. All retail business houses that have buttons, buckles or fasteners of various kinds are asked to donate these to the local sewing room, in addition to the various items of outmoded wearing apparel. The style is not important, but the clothing must be wearable. This includes socks, underwear, sweaters, coats, dresses, suits and all such items.

Clean Up Day Sponsored by City Commission, Garden Club and the Lions Club

Clean Up Day will be observed in Canyon Saturday.

The day will be sponsored by the Lions Club, assisted by the City Commission and Garden Club.

Instructions were delivered to all homes in Canyon yesterday, advising all home owners to pile their trash in the alley by Saturday morning.

It is hoped that all citizens will burn all waste which will burn, and then pile at convenient places all of the tin cans, rubbish, tree branches and other things which cannot be burned.

Trucks will start down the alleys at 5th Street, running north and south in front of the high school building. There are eight alleys and a truck has been assigned to each alley. A member of the Lions Club will be in charge of each truck which operates down the alley. The city is furnishing two men to each truck to assist in loading.

The trucks will work east and every alley will be thoroughly cleaned during the day. Trash should be placed in boxes and sacks so far as possible. It will be hauled to the city dump grounds.

An inspection will be made of the alleys following the clean up, and a prize given to the crew which does the best job of cleaning up.

John A. Gillis is chairman of the clean up campaign and will assign members of the Lions Club to work in the various alleys.

Citizens are asked to get all of their rubbish piled by Friday night, and then cut the weeds and pile trash which has assembled on neighboring vacant lots.

A suggestion has been made by the Garden Club that business men take more pride in keeping the public square clean. Merchants are asked to have the pavement swept in front of their business houses. Citizens should refrain from throwing paper cups and other trash on the pavement.

REALITY OF WAR

The reality of war has come to most Americans. Since Hitler started his rampage, up to the time of Pearl Harbor, most Americans had been hoping against hope that we should be spared the terrible bloodshed of another world war.

Since Pearl Harbor, we have lost every battle with the Japs. When the news came of the fall of Bataan, Americans were shocked by the realization that we were right in the middle of the greatest war the world has ever witnessed. We are in that war, not from choice, but as a matter of defense.

Bataan was the greatest defeat the United States has ever suffered at the hand of a foreign foe. It was a shock to our national pride to see an inferior nation run over our forces, and we could do nothing about it. When the death list is published, every community in the United States will mourn the loss of one or more fine young men who were caught in the Philippines with no hope of escape, and no means for us to send them reinforcements.

The nation is shocked. The people have fallen down on their job of preparing for war in spite of the fact that we should have known four years ago that we would be in the war. From now on, we shall expect a more closely united nation in the effort to save our civilization. The Japs bragged on Monday of this week that they would soon be in Washington and London. This is a war of total destruction. The United Nations must destroy our enemies, or in turn be destroyed by them.

We listened with great pleasure to Colonel Ernest O. Thompson at the Panhandle Press Friday, right after the news from Bataan. He

OFFICERS AND DIRECTORS of the Panhandle Press Association are, top row, left to right, J. E. Staley, Clayton News, director; Douglas Meador, Matador Tribune, director; Kenneth Pink, Childress County News, director; W. R. Rutherford, Moore County News, director; bottom row, left to right; Tex DeWeese, Pampa News publisher, retiring president and director; Wes Izzard of the Amarillo Globe-News, president; Jimmie Gillentine of the Hereford Brand, vice president; and Clyde Warwick, Canyon News publisher, secretary.

gave cheerful news in face of the disheartening aspect.

The American soldier of today is better than the soldier of 1918. The Colonel has a scroll with the signature of 2700 men who were under his command at Camp Bowie and in the war maneuvers last fall. In 1918, 900 of his troops were unable to write, while all in his command this war could write.

Col. Thompson stated that in spite of present disasters, the entire fighting force is now ready for a hard war. The staff has been carefully planning since 1918.

He expects a 5 or 6 year war. We are building 10 ships for every 4 which the Axis put afloat. There are two rifles for every soldier today, and more are being produced. The new American rifle is the most deadly and accurate the world has ever seen. Our soldiers can shoot and march—the real test of any army.

The Chinese alone can whip Japan if we can get arms to them. Two million Chinese have been killed in 56 months of war, but four million Chinese have been born during that period, and they will be trained to become soldiers.

War is a grim business of killing and the army which can most scientifically kill will win. Production in the United States is increasing and will soon be ahead of the combined Axis powers.

The production of tanks and planes is increasing rapidly—and our soldiers know how to use them. Colonel Thompson spent a year in the army before being recalled to his job as chairman of the Texas Railroad Commission. He knows the army, and his optimism is most refreshing in the face of the dis-

ters through which the nation has been going.

PANHANDLE PRESS MEETING

The 33rd Annual Convention of the Panhandle Press Association was held Friday and Saturday in Amarillo. This convention marked the 30th anniversary of membership by the Newsman in this splendid organization. During these 30 years we have missed only three conventions—in 1919 while overseas, and twice while in the legislature.

In spite of the war, the attendance was larger than last year, and the program was most interesting. Those on the program had devoted much time in preparation of talks which would be of interest and benefit to their fellow publishers.

The entertainment this year was extra good. Mason King was in charge of the cabaret dinner-dance Friday night, given by Col. E. O. Thompson, and had something entirely different from the entertainment of past years. A splendid barbecue was given Friday noon by friends of the association, and the Globe-News gave the final luncheon Saturday noon.

Arthur Lefevre of Houston, editor of Texaco Topics, has not missed a session of the Panhandle Press Association in years. He paid high tribute to this organization and the high quality program which he always enjoys at the convention.

Publishers who missed this convention really missed a great treat and missed a great inspiration to carry them through the trying times which are ahead for all citizens.

Panhandle publishers compared notes Friday and Saturday as to the vast amount of war work which was being imposed upon various publishers. Several publishers were placed on Selective Service boards, the first real war work which was started. Others are serving on Rationing Boards. Publishers are serving on Red Cross, USO, Chinese Relief, Navy Relief, and Defense Bond committees. Furthermore, every paper is called upon for free publicity from all of these agencies. The newspaper men are grateful for the opportunity to serve their communities in giving needed publicity. But they cannot serve on all of these committees. Most citizens balk when called upon to serve on more than one community committee, and newspaper men have found that they must do likewise. Newspapers have a vital part in carrying on war work in their communities, and know that this war must be won if America is to survive. Newspapers can and do carry the messages of all war organizations but publishers cannot serve on all these organizations.

Panhandle publishers took a crack at useless government spending while at the 33rd annual convention. One speaker pointed to five different agencies working on the same problem, all attacking the problem from a different angle and all arriving at a different conclusion. The deduction was that at

least four of these agencies could be abolished without hurting this particular project and vast savings could be realized for the government. Yet no one expects any of these agencies to relinquish any of the powers which they have secured during peace time. One speaker pointed to 30 press releases received in one day, none of which were prepared in proper form for publication, and none of which carried any particular information of value to the people.

All men in our armed forces now receive free postage on their letters back home. Congress finally agreed that free postage from our fighters to loved ones was of equal importance to the canned speeches which members of Congress were mailing out by the millions at the expense of the people. We hope that all of the men will take full advantage of this fine service and keep the folks back home posted as to their doings.

"There will always be an England," according to the popular song, but there will hardly be a British Empire after this war. India has broken away from the vast empire. The fallacy of 56 million people controlling 400 million in India, and many other millions scattered all over the globe is being exposed by this war.

The Dallas News published a 140-page edition Friday in honor of the 100th anniversary of the founding of the Galveston News, from which the Dallas News grew. The edition was packed with interesting historical material which will be relished by the students of Texas history down through the years.

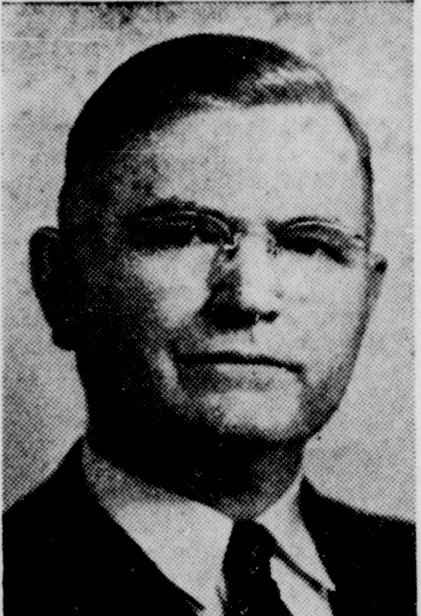

College Forum Goes To Tulia

At a community gathering at the Tulia High School, sponsored by the Kiwanis club, Friday, April 17, Dr. A. M. Meyer, Dr. S. H. Condron, Dr. L. F. Sheffy, and Dr. C. W. Freed will conduct a Round Table discussion, followed by an open forum on the topic: "Plans for Permanent Peace."

D. H. Boyles, principal of Tulia High School, will be master of ceremonies of the program which will begin with music and community singing, followed by speeches by Gail Ross as affirmative and Nell Moore, negative on "The Atlantic Charter as Bases for Permanent Peace." The time is 8:30.

Mrs. Joe Black gave a talk on Americanism. Her review of American history made every one conscious of what would be lost if the enemy should win. She stressed the point that this generation must fight to win this war in order that all might not be lost.

Mrs. James H. Butler, program chairman, continued with a stimulating talk, listing five reasons why we are not awake, namely: 1, underestimating the strength of our enemy; 2, incompetent leaders; 3, still trying to fight a war of defense wherein it is a war of offense; 4, inability to compete with the totalitarian workers; and 5, our continued habit of burying our heads in sands of falsely optimistic viewpoints.

Mrs. T. E. Allen continued with a talk on Bombs. All the cooperation and precautions that can possibly be made are necessary for the protection of the shore line and the production cities. An example of terrifying results, if the American people do not cooperate, was stressed. The State of Maryland was suggested as having a splendid fire fighting plan. ## County Council Hears Family Speaker Saturday

In an address to the Randall County Coordinating Council Saturday afternoon, Dr. Grace Sloan Overton, noted family speaker, suggested that parents "come down to the level of the adolescent and live again with him as he experiences the problems of growing up."

The meeting was held in Thompson Club room.

The speaker warned that parents constantly remember the fact that great change is going on in the physiological, sociological, and mental life of the adolescent. The parent who is wise will judge behavior of the young person in light of the change, she said.

Mrs. Overton stated that the glandular balance is not maintained with accurate precision and is not accompanied by social and emotional balance.

Following is a summary of the advice given by the renowned student of the family: 1. Do not be competitive with your children; 2. Teach them the facts about life at home; 3. Learn to have a maximum amount of fellowship with your children; 4. Do not criticize unless you do it constructively; 5. Increase liberties with growth; and, 6. Provide plenty of wholesome entertainment.

Representatives of the local chapter of the American Red Cross made an appeal to members of the council for help, especially in sewing. There are seven machines at the red cross room available for use, and a number of garments are cut out ready to be sewed. There is also additional yarn to be checked out and made into garments by July 1.

# College Was Host to Girls' Conference

Three Day Meeting Here Has More Than 200 Girls Present

Two hundred delegates attended the second Great Plains Older Girls' Conference on the West Texas campus this week-end from towns over the Panhandle. The meeting opened Friday afternoon, April 10 and closed Sunday morning, April 12.

Beginning with an opening devotion conducted by the Hereford Tri-Hi-Y, the convention moved swiftly along with discussion groups, forums, business sessions, recreation periods, and talks by noted speakers.

Friday afternoon, the subject, "What is the Greatest Problem of the High School Girl?" was debated. Friday evening Mrs. Grace Sloan Overton, outstanding authority on marriage and family relations, addressed the conference on the subject, "Civilian Girls and Soldier Boys."

Saturday morning the Amarillo Sophomore Tri-Hi-Y had charge of the devotion, and other discussions groups were held. In the afternoon Dr. A. M. Meyer spoke to the girls on "Vocational Outlook." Saturday evening the W. T. S. C. Student Christian Association provided a program and recreation.

Sunday morning the group heard Rev. Joe Findley, pastor of the First

Christian Church, speak at the devotional services. The closing address was presented by Dr. Bernice Moore, lecturer and educational consultant. Her subject was "Youth Meets the Challenge of the Times." A candlelight dedication ceremony closed the conference formally.

The theme "Victorious Living" was carried out through the entire three day program. Conference officers are: president, Helen Bernson of Dalhart; vice-president, Marcella Weighley of Amarillo; and secretary, Rena Rae Renfro of Hereford.

Discussion and club leaders were: Kathryn Driskill, Amarillo; Kate Donnell, Dalhart; Ruth Barton, Pampa; Esther Rudolph, Phillips; Irene Crawford, Hereford; Olive Melin, Amarillo; Moynette Harrison, Tucumcari; Mrs. C. C. Shaller, Amarillo; Adelle Shows, Amarillo; Mrs. Elsie Deal, Amarillo; Mrs. Roy Guthrie, Memphis; Mrs. Mary Joe Foote, Dalhart; Mr. and Mrs. Harold L. Nichols, Conference Directors.

## National Destiny In Making, Topic of J. A. Hill at Rotary

President J. A. Hill was in charge of the Rotary Club program Tuesday, talking on "National Destiny in Making."

The club entertained members of the Lions Club. Roy Cheatham, retiring secretary of the Lions Club, was recognized as he left this morning to serve in the army. Five other Lions have joined the colors: Meredith Warren, Clint Cook, Ray Cole, Joe Sambol and Loyd Shackelford.

Other guests were: John McCarty and M. O. Carder of Amarillo; Dr. Jesse Yelvington of San Antonio.

Dr. Hill reviewed the early history of the United States, when George Washington met with reverse after reverse before ultimate victory came to the handful of patriots.

Taking a coin, he pointed to the motto one side—"E Pluribus Unum," or one out of many; and on the other side, "In God We Trust." A return to this faith in God is necessary if this nation is to survive.

Developing the theme "One Out of Many," the speaker pointed to the strife which exists in the nation today. After Pearl Harbor, there was a surge of indignation and patriotism. In a few days a sense of consecrated unity was dissipated in a clamor of many voices, all demanding. Again our nation has become blocks, groups and special interests, all seeking some advantage, each trying to profit.

During the past three months more space in newspapers has been devoted to this strife within our nation than has been devoted to the conflicts with our enemies. This disunity is more fateful than the damage being done by our enemies.

"We are at war—ghastly, costly, deadly, devastating war. Far away now, it may come to us this summer. Yet even the sinking of vessels in our front yard ocean has not convinced us. It's a kind of play—or a dream. . . . It isn't really happening."

Fear of the future should be of little concern. Whatever changes come in the post-war period, this will still be America. Why be afraid of the new model of America when we are so accustomed to new models of cars, radios and clothing? We will be living under different conditions—with less of individualism, more regulation, more of taxes, less of personal wealth. But it will still be America.

The speaker plead for a united country. "Let's keep our country, our freedom—and I'll take my chances in the future with whatever phases of evolution or revolution that may come."

Nothing but rats and mice is killed by Ray Rat Killer, Stewart's Feed Store.

Bill Patke left last Thursday for Camp Bowie at Brownwood after having spent several days here with his wife, the former Evelyn Boyce. Mr. Patke is in the Tank Destroyer Battalion.

Sunday guests of Mr. and Mrs. E. W. Woods were her mother, Mrs. A. W. Jones and Mr. and Mrs. Emmett Burford and Bill Gene of Lubbock and Irma Ann Coffin of Abernathy.

Mr. and Mrs. P. S. Claibourne of Happy were here Sunday visiting their daughter and husband, Mr. and Mrs. Joe Sambol. Mr. and Mrs. Sambol visited in Happy Sunday evening.

Mr. and Mrs. Wesley Cox spent the week end visiting in Shamrock with Mr. and Mrs. Tyson Cox and in McLean with Mr. and Mrs. Sewel Cox.

Mrs. Sanford Black, Jr., has moved to San Antonio where her husband is in the U. S. Army Medical Corps. She has been employed here by the Canyon Tailoring Co.

Pride goeth before destruction, and an haughty spirit before a fall. —The Bible.

Here is my creed. I believe in one God, the creator of the universe. That he governs it by His Providence. That He ought to be worshiped. That the most acceptable service we render to Him is doing good to His other children. That the soul of man is immortal, and will be treated with justice in another life respecting its conduct in this. These I take to be the fundamental points in all sound religion. —Franklin.

Tender-handed stroke a nettle. And it stings you for your pains; Grasp it like a man of mettle, And it soft as silk remains. 'Tis the same with common natures. Use them kindly, they rebel; But be rough as nutmeg-graters, And the rogues obey you well. —Aaron Hill.

It is easy in the world to live after the world's opinions; it is easy in solitude to live after our own; but the Great Man is he who in the midst of the crowd keeps with perfect sweetness the independence of solitude. —Emerson. Where law ends tyranny begins. —Pitt.

## Celebrate Farm Salvage Drive

Joining the nation-wide campaign to collect scrap from farms, St. Peters, Mo., declared a half-holiday and made a community celebration of their drive. Farmers and farm boys and girls brought in 50 tons of scrap in one afternoon. Biggest single piece of scrap was this old-time steam engine from the era of stationary threshing.

Sophomores Enact "Aaron Slick from Pumpkin Crick" Tomorrow Evening

Aaron, played by John Lill, and Sis Riggs, Helen Jo Cox, look on as a "sweet young thing" from the city, Gladys May Merridew, played by Molly Nan Ziegler, splashes milk on her Sunday dress while learning to churn.

Actors in the climaxing scene of "Aaron Slick from Pumpkin Crick" to be presented Friday night in the high school auditorium at 8 o'clock are shown in the above picture. From left to right the students are Georgia Faye Holt, prompter and standing for Billie Jane Bonifield, John Lill, Manis Read Foster, Lindsey Taylor, Molly Nan Ziegler and Mary Alice Campfield.

Clarence Green, portrayed by Lindsey Taylor, finds himself on the "rear-end" of the situation when he collides with "strong-armed" Sis Riggs.

An evening of luxurious entertainment—packed with thrills, shrills, tears, fears and all kinds of interesting situations—will be given as the Sophomore Class of Canyon High School breaks the tradition that only the juniors and seniors may give plays and presents the rural comedy, "Aaron Slick from Pumpkin Crick," by Lieutenant Beale Cormack, Friday night at 8 o'clock.

**Berry Appears in Kitchen**  
The rising curtain will find Mrs. Rose Berry in the kitchen of her "Oklyhomy" farm home. She is

apparently being piloted by the supposed city slicker, Wilbur Merridew, who is impetuously striving to perform a "so-called duty."  
However, the act is boisterously interrupted by ill-bred "Little Sis" and later by Aaron Slick, the seemingly uncouth, green backwoodsman from Pumpkin Creek.  
**Gladys Breaks Up Visit**  
In all the confusion, Mrs. Berry distressingly loses her bread dough as Gladys Merridew abruptly breaks up the slightly matrimonial visit of Aaron and the widow.

By a silent act of a visitor, Merridew gets "slicked" and Rosy is granted a long desired wish for fame. Clarence Green stealthily receives his information; and with the slinking of the snobbish "Girl in Red," Aaron loses his case as disgusted Sis replies, "Gee whiz, I'm so glad I could kiss a Dutchman."

"The money made from our three and one-half weeks' work will be carried over until next year to be used in the purchasing of a school gift. The sophomores are considering a communication system," confirmed Olin Huff, class sponsor and director of the play.  
**Fenn Performs Tricks**  
As a highlight of the evening, J.

Ray Hunter and Alvin Fenn will demonstrate some comical dialogue and perform tricks with ventriloquism. These intriguing acts will serve as between-act skits while the entire setting of the stage is changed.  
A two-fold purpose will be fulfilled by Billie Hale, Gwendolyn Phillips, Billy Bible, Charles So-

Relle and Eugene Bonds as they carry the banners of ushers and guests for the hotel party. Again the duties will overlap as Charles, Billy, Eugene, and Raymond Graves manage the stage setting.

**Cast Thanks Prompter**  
Many hours of perpetual work were given by Mr. Huff and the cast so that the play might reach perfection. "I, as representative of the cast, wish to extend due praise to Georgia Faye Holt, who has tirelessly prompted the comedians. We could not have progressed nearly so rapidly without her services. Since the money is going for such worthy cause, we extend to you a welcome to come and see us perform for the first time," stated Molly Nan, class president.  
Tax included admission prices of 10 and 20 cents have been set for the play.

Athletes Discuss Football Season

To discuss the possibilities and probabilities of football for the coming school year, 25 boys met in the boys' dressing room Monday afternoon to make future plans.  
James Wright and Robert Avent were elected to go before the school board, on behalf of the football boys, to discuss the sacrifice they must make.

"The sacrifice that these boys must make is not comparable to those made by the boys in the armies," said J. B. Speer, superintendent.  
"Perhaps the greatest problem is the tire shortage and means of transportation," he added.  
"If the boys and the school board does decide to have football next year, spring training will begin next week. It does look as if we should have a good team," said Coach Wesley Cox.

"All Americans want this country to be a place where children can live in safety and grow in understanding of the part they must play in the nation's future. If anywhere in the country any child lacks opportunity for home life, for health protection, for education, for moral or spiritual development, the strength of the nation and its ability to cherish and advance the principles of democracy are thereby weakened."—Franklin D. Roosevelt.

As proclaimed by the governor, April 19 to 25 is Texas Children's Week; and Dr. Homer P. Rainey, state chairman, will help to perfect the theme "Children Bear the Promise of a Better World." The week's slogan, "Our Concern Every Child" will bring to mind the positive action that is needed of every citizen.

What are you doing to defend them? As a duty to every adult:  
"Defend them from external danger; make them SAFE. Defend them from accident and disease; make them HEALTHY. Defend them from hunger and undernourishment; make them STRONG. Defend them from insecure home life; make them CONFIDENT.

"Defend them from poor schooling; make them PREPARED. Defend them from lack of wholesome play; make them HAPPY. Defend them from child labor and other bars of opportunity; make them FREE. Defend them from bad neighborhood influences; make them UPRIGHT. Defend them from prejudice; make them TOLERANT."

Are you doing your part?

Overton Assures Youth Council 'Health Is No Sissy Subject'

'Family Relations' Is Main Topic of Guest Lecturer

Speaking on "Family Relations," Dr. Grace Sloan Overton of Adams, New York, spoke at the Youth Council last Friday afternoon at the First Christian Church.  
Introduction by Mrs. T. V. Reeves, chairman of the Bureau of Public Service at West Texas State College, Dr. Overton affirmed, "Health is no sissy subject. The kind of people we should be after the war is healthy people—people who know how to think and people who are honest."

**Overton Studied Youth**  
From her tours in Germany, France and Russia, Dr. Overton concluded that the youth of those countries were made to think under pressure rather than being allowed to think freely as we here in America do.

"Because the average American youth does not think, many girls and boys break down their physical integrities while in high school; they cheat on examinations as well as in every day life; and possibly because people do not think or rather did not think, the world is in such chaotic condition.

**Freedom Is Principle**  
"Boys and girls are free to do anything they wish to do today. The fact that they are free to do these things is one of the principles of the democratic way of life," asserted Dr. Overton.

Having visited more than 104 university and college campuses in the past three years, Dr. Overton is in a position to declare that we are negligent about the matter of health. From her observations in Army camps, Dr. Overton exclaimed that 50 per cent of this country's boys cannot pass a physical examination for the Army.

**Mothers Study Nutrition**  
"Why should our dietitians and our mothers break their necks to learn all about nutrition in this emergency? More of our boys would be physically fit to join the armed forces of our nation if nutrition classes had been held in peace time," affirmed Dr. Overton.

"If we are not physically fit and cannot think, what is the use of our boys' fighting to preserve the freedom that we love so much. Can the youth of America be trusted to handle this freedom in a few years, if they cannot think properly? These are only a few of the problems confronting America's youth today.

**Words Describe Youth**  
"Four words that describe or should describe a thinking youth are forth-rightness, integrity, awareness and poise. Everyone must be alert and thinking how he can make a better community, better organizations, parents, marriages and better health in any activity that he undertakes," concluded Dr. Overton.

Dr. Overton is a specialist on human relations and has spent

nearly twenty years with the youth of colleges, universities, high schools and with boys in Army camps.  
**Business Session Follows**  
Following Dr. Overton's address, Martha Jean Dowd took charge of the meeting to discuss the community project, which will furnish healthy recreation for the townspeople of Canyon. Reports were given by the representatives of the various youth organizations on the progress being made in the projects which they are sponsoring.

Joe Ziegler Does Art Work Directed by Grade Teacher

To enter a national contest sponsored by the National Livestock and Meat Association of Chicago is the reason Joe Ziegler has been doing special art work under the direction of H. W. Truitt.

The contest is being held to produce the best poster on "Meat for National Defense."  
The rally. Her special part is on the panel discussion, the subject of which is "Doing our part for Uncle Sam."

**Rally Has Varied Topics**  
The separate topics of the panel are "What items have you saved in making war on waste?"—"How are you practicing the consumers' pledge?"—"What are you sacrificing in order to buy stamps and bonds?"—"What successors materials have you experimented with?"—"What training is needed for defense aids?"—"and "What services may future Homemakers of Texas members give to military and Defense centers?"

Defenders Show Years Progress

Grade School Pupils Exhibit Junior Red Cross Unit

To show the schools and the public the result of the activities of the grade school unit of the Junior Red Cross, an exhibit of the year's work was displayed in the old music room of the elementary school Monday and Tuesday.

Featuring the prevalent red, white and blue exhibit theme, white stars against a blue background and red streamers decorated the bulletin boards. The sixth grades' Ratification Parade mural furnished a background for tables upon which the book length novels and cartoon books were observed.

Blooming pot plants were distributed at intervals around the room, adding color and breaking the monotony of the exhibit.

The 14 afghans, place cards and other articles which are supported on newly-erected screens are identified with the place to which they will be sent by large cards.

Displaying a few articles from each group of work of the art classes, H. W. Truitt has arranged 143 book marks made for the Amarillo Veterans Hospital; 154 book length novels for Camp Wolters, Mineral Wells, Texas; 834 puzzles for Camp Wolters; 500 Mother's Day cards for Fort Bliss, El Paso; 7 cartoon books for Camp Wolters; 285 score cards and 1050 place cards for Fort Bliss.

"I think this exhibit is the most outstanding exhibit the grade school ever has had," commented Miss Elva Fronabarger, principal.

Miss Helen Whiteside's physical education classes are currently studying personal grooming and appearance. Each student is making a notebook with illustrations.

Thompson Gives Best Answer

Sociologist Discusses Youth Problems

"We are indeed fortunate to have such distinguished and educated person as Dr. Bernice Moore, sociological advisor of community and family life, University of Texas," confirmed Superintendent J. B. Speer as he introduced the panel leader in a called assembly Monday morning at 11 o'clock.

Dr. Moore opened the discussion by inquiring of the panel members, Clarence Thompson, Grace Robinson, Shirley Harrell, Charles Owens, Georgia Faye Holt and Lindsey Taylor, as to what the schools have to offer in this time of emergency and what we as students are doing now to win this war and write a peace.

"One of the best answers to the question was stated by Clarence Thompson who affirmed that we want to preserve our freedom," said Dr. Moore. To the question, "what in school helps preserve freedom?" participants replied, "Dependability, training for future work and historical freedom handed down.

"A home built around democracy and divided responsibilities will prove to be the better one after this war," agreed the group.  
"No course offered in the school can be pointed out as unmistakably the most valuable; but the sciences, English and mathematics take upper places in the Defense program of today," continued the leader.

"We must strive to receive the most from our subjects so that freedom may be more fully developed. This is no time for lazy boys and girls," concluded Dr. Moore.

Smith and Brown Will Head Arrangements for Banquet

Planning the annual Parent-Son banquet for April 30 in the high school gymnasium, The Future Farmers of America decided to give the program themselves.

As general chairman of the banquet arrangements, Wayne Smith and Billy Brown will head the banquet committees. Chairman Charles SoRelle will head the menu committee; Chairman Eugene Bonds, program committee; and Chairman Billy Bible, decorations and table arrangements committee.

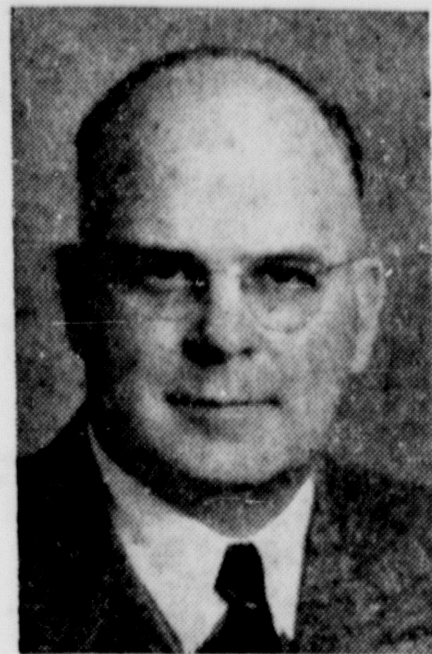

"We hope to have 100 per cent attendance of the boys and of their parents; and the former and the present Future Farmers of America queens will be invited and expected to attend," said Mr. Devin.

In class, the students are learning the correct care of hair, hands and clothes.

Clean Up Day Saturday.

## Baptist Revival Continues Next Week

DR. JESSE YELVINGTON  
The revival which began last Sunday at the First Baptist Church of Canyon will continue through next week, closing April 26. The Evangelist, Jesse L. Yelvington, is different from the usual preacher in revivals. His messages are based strictly on the Bible teachings concerning the great fundamentals of the Christian faith. The night messages this week are all on "The Rock," which theme he says binds the whole Bible together in a manner similar to the theme of the "Blood."  
The interest of the people and the effectiveness of the messages are indicated by the fact that there are additions to the church every day. The first baptism of the meeting will be Friday night at the evening service when the pastor, Dr. Roy L. Johnson, will baptize the group who join the church at that time.  
The Sunday Service will also be

different in that the preaching hour will be merged with the Sunday school, beginning at 9:45, and immediately after the departmental opening programs Evangelist Yelvington will make one large class of all who are nine years and above and teach a Bible lesson to them on the Bible plan of salvation. All who expect to hear the preacher Sunday morning will come at least by 10 o'clock and this service, with the invitation, will be all the morning service, closing about 11:30.  
The Sunday evening services will be at the usual hours, with Training Union at 7:15 and the preaching service at 8:25.

## College Choir To Give Concert Here On May 3rd

Announcement has been made of the spring concert to be presented by the College Choir on Sunday afternoon, May 3, at 4:30 o'clock, in the main auditorium of the Canyon Methodist Church. The group is made up of 24 carefully selected voices, and is directed by Prof. Houston Bright.

Numbers to be heard on the spring concert are designed to appeal to as great a variety of listeners as possible, according to Mr. Bright, who made the announcement. There will be both sacred and secular numbers, hymns and part-songs, glees and folksongs, negro spirituals and love ballads, and also a group of the latest choruses and part-songs composed by Prof. Bright.

Notable in the repertoire of the Choir this spring is its rendition of the simple hymn setting of Lanier's poignant "Ballad of Trees and the Master," called in the hymnals "Into the Woods." By subtle shading and carefully placed accents, the Choir is now emphasizing the bitter-sweet dissonances which are contained in the hymn setting, but which the listener ordinarily misses.

The group of choruses directed by Bright, which the Choir intends to include in this program, will be made up of "Lament of the Enchantress," taken from Fragment of the Unfinished Drama by Percy Shelly; "All Too Soon Comes the Night," a morbid flight of fancy which refers vaguely to the dark times which have come upon the world; and "What Can an Old Man Do But Die?" a humorous part-song called simply "Ballad," by its author, Thomas Hood.

## ORDINANCE NO. 91 Peddler's and Solicitor's Ordinance, Canyon, Texas

An Ordinance requiring all persons canvassing for, selling, or soliciting upon streets, thoroughfares, parks or public places, or from house to house, for funds or money in exchange for or constituting the sale or purchase price, or a part thereof, of any goods, wares, merchandise of any kind or character to obtain License from City Assessor and Collector of Taxes; Fixing amount of License; and Fixing penalty for violation of this Ordinance.

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF CANYON, TEXAS, THAT:

SECTION I: All persons canvassing for, selling, or soliciting upon the streets, thoroughfares, parks or public places, or from house to house, within the limits of the City of Canyon, Texas for funds or money, in exchange for, or constituting the sale or purchase price of the whole, or any part thereof, of any goods, wares, or merchandise of any kind or character, including paintings, pictures, newspapers, periodicals, books, magazines, or pamphlets, shall be required to obtain from the City Tax Collector of the City of Canyon, Texas, a license to transact said business, and shall pay to the said City Tax Collector of the City of Canyon, Texas the sum of fifty cents per person per day, for each day for which a license shall be granted.

SECTION II: Failure of any person or persons, to obtain license as provided in Section I of this ordinance shall constitute a misdemeanor, and the failure of any person or persons to obtain such license shall be punishable by a fine, not exceeding One Hundred Dollars, upon conviction.

SECTION III: That, if any section, subdivision, clause, or phrase of this ordinance is for any reason held to be unconstitutional or void, such decision shall not effect the validity of the remaining portions of this ordinance.

SECTION IV: That the fact that the present ordinances of the City of Canyon, Texas, are inadequate and the further fact that many peddlers are now plying their trade without a license, creates an emergency; and a rule requiring reading of ordinances on three several days is hereby suspended; and this ordinance is declared an emergency ordinance and shall take effect from and after its passage and approval.

PASSED AND APPROVED, this 13th day of April, A. D. 1942. (Seal) C. H. JARRETT, Mayor, Attest: Harvey Cash, City Secretary.

“...and put some teeth into it!”

ONCE UPON A TIME, car owners were merely urged to use good oil, to change it regularly when worn, to adopt a regular schedule of lubrication service.

Now, in the new era filled with priorities, with the manufacture of new automobiles absolutely cut off, real teeth have been put into the idea of caring for a car in order to lengthen its life.

One of the most useful precautions you can take to preserve and protect your motor is to use good oil. But which oil is good? The following facts should help you decide:

Phillips, one of the great independents of the petroleum industry, with a fine reputation for giving greater value, makes this simple, straightforward statement: If you want our best oil, remember we specify that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer.

Every time a new 1,000-mile mark clicks up on your speedometer, play safe with your motor, and play fair with your budget, by draining and refilling with Phillips 66 Motor Oil.
